A belated welcome to a few new sites here on Brainwashed:

- [Mirror](#) now has their own space, while
- [Ora](#) has a separate place all their own; and
- [Christoph Heemann](#) has a site devoted to his solo work.

These sites join the handful managed by Francois Carrier, along with newly updated sites for [Andrew Chalk](#)

and

[HNAS](#)

. These sites are micro-integrated, but appropriately referencable. In addition, there is a small site for

[Mimir](#)

. Also, there's a new site for

[Out Hud](#)

, who incestuously share members with

[!!!](#)

and last, but not least, is Sybarite, whose domain,

[meusic.net](#)

is now on the server too!

Please join us in welcoming them all to the family and introduce yourself when you pass by their cubicle.
