

Brainwashed - Brainwashed Announcement List Changes

Written by Staff

Sunday, 05 October 2008 22:57 -

The Brainwashed Email Announcement List has had a number of problems in the last month so it's being closed down in favor of a brand new one, hosted locally now by our own domain host. Go to brainwashed.com/list.html to sign up (you can conveniently sign off there too) for announcements on new releases, special events, and other exclusive announcements that don't go on the Web site here.
