We at Brainwashed are delighted to pair with [Medical Records](#) to debut "Follow It Down" from Marker. For his first full-length release under that name, New Orleans' own Mike Wilkinson takes the standard guitar/bass/drum sound, mutates it, and then reassembles it brilliantly on this self-titled debut. "Follow It Down" is an excellent sampler of what will be on next month's album. Blissfully demolished guitar sounds are mixed with upfront bass lines to create a hazy fog in which a steady drum machine and Wilkinson's lonely, isolated vocals slowly glide through. He brilliantly shuffles the mix around, and allows it to dissolve into an ecstatic wall of sound, with shards of melody still shining through the otherwise comfortable, yet impenetrable abyss. Look for the full album from Marker in mid-July.
