Brainwashed is happy to premiere the first song (and video) from Scratched Glass's new release, *Two*, due out July 7 on [Negative Capability](#). The duo of Nicol Eltzroth Rosendorf and Jonathan Lukens are both multimedia artists, and this is evident on "Duet". The video's pulsating, digital/organic hybrid visuals perfectly accompany the sound: a lush mixture of warm, surging tones and skeletal beats that are hypnotic from beginning to end. The nine song album will be released on cassette (limited to 100 copies) and digital, and mastered by Lawrence English.
