Brainwashed and [Holodeck Records](#) are happy to present [Omni Gardens' "Dreams of Neptune Healers"](#), from the forthcoming album

*West Coast Escapism*

. Omni Gardens is the new solo project from Moon Glyph founder Steve Rosborough, and his first release under the name. "Dreams of Neptune Healers" hints at the full album to come with its slowly unfolding synth pads and lighter, melodic passages that slowly bubble to the surface. A multitude of twinkling melodies floating by in gauzy drifts herald a deeply introspective album that captivates the ears as much as it does the subconscious.

*West Coast Escapism*

comes out on September 28th on cassette and digital via Holodeck Records.
