It's unclear whether it's official yet but it seems that [Out Hud](#) might be taking a break from each other. There is still no official announcement yet to pass along nor is there any information on how this might effect [!!!](#) . Given their fantastic album from this year, *Let Us Never Speak of It Again* and their awesome live shows, we hope this rumor is not true.

News has spread that after their performance on Sunday night when one of the members announced on stage it may be the last Out Hud show, and recently, news of a split has popped up on those 'blog' things those cable news networks seem to talk about. We will update this news with any further developments.
