We're excited to announce that Silver Apples and Windy Weber are now confirmed for [Brainwaves 2008](#)

. There's a good chance that Windy will performing with her friend Thomas Meluch (Benoit Pioulard) on Kranky Day. As for Silver Apples, we hope to schedule them adjacent to Meat Beat Manifesto, as both are mutual admirers, and hope to see some overlap action. There's two slots left which we are waiting to confirm. Stay tuned!
