

Brainwashed - Legendary Pink Dots announce major changes

Written by Staff

Sunday, 28 February 2010 14:30 -

In the **March 2010 Newsletter** the [Legendary Pink Dots](#) have officially announced the departure of members Martijn de Kleer and Niels Van Hoorn. Martijn first appeared on *Shadow Weaver* in 1992 and has been an on and off member of the group over the years, however Neils has not departed the group since his debut on *The Crushed Velvet Apocalypse* from 1990. Martijn will be replaced by Erik Drost once again on guitar (re-joining the dots) but for the first time since 1989 the group will perform as a trio with Raymond behind the mixing console. Concert dates and catalog updates available after the jump.

THE LEGENDARY PINK DOTS MARCH 2010 NEWSLETTER

A TIME OF CHANGE

Sometimes change creeps up on you while sometimes it explodes inches away from your eyes.

The Dots experienced the latter in this , the 30th year, when first Martyn opted to step out , and then Niels followed suit.

The good news is that Erik Drost has rejoined the Dots on guitar, and for the first time since 1989, the band will be playing as a trio onstage with Raymond remaining behind the controls at the mixing board.

In fairness Martyn had been indicating for some time that he needed to find a more stable income, as nobody can argue that times have become much tougher for every small band in the last few years.

However Niels' decision was surprising ,but it can be that the occasionally rough circumstances the Dots encountered on the last tour represented a step too far.It was hard- EUROPE as a whole is very hard now.Attempts to play in even the cities which have always guaranteed large crowds have come to nothing (Stockholm? Strasbourg?), and it may be the point when we will call time on longer tours of this continent.

Happily the shows slated for April ARE going ahead, although there remains a disturbing gap

where Greek shows should be, and we do hope for some positive news sometime in March.

Beyond April ,The Dots have a one-off in Amsterdam planned for 14th May, while a Polish festival appearance (July) and a concert in Moscow (September) should also go ahead.

It goes without saying that we wish Martyn and Niels success and joy in all their projects in the future.

Meanwhile some serious sessions are taking place in this new line-up and after the shock there is a feeling of real excitement once more.

1. THE LEGENDARY PINK DOTS /ANY DAY NOW-THE SECRETS (TOQ CDR)

From 1987 and the last recordings made by the band on British soil. A real find in a box of dusty cassettes. Unheard sessions, ideas, miniatures and a colossal demo of "True love". Sound has been lovingly enhanced as we want it to be more than a document. Price: 13.50 euros plus postage.

2. THE SILVERMAN/ ELEMENTAL (TOQ CDR)

Floating in a pool that stretches far beyond that wistful horizon where the orange sun spreads instead of simply setting. And the memories stand to attention and blow tender kisses. One of those places you do want to leave, and why should you anyhow? 13.50 euros plus postage

3. EDWARD KA-SPEL & ALENA BOYKOVA/ RED SKY AT NIGHT (TOQ CDR)

An hour in the company of Edward and Alena in a landscape that begins with desolation and finishes in ,well, paradise. Five lovingly recorded , meticulously finished pieces from the last 2 years. 13.50 euros plus postage.

4. THE LEGENDARY PINK DOTS- Live 1991 DVD-R

Filmed with one camera in LPDs home town of Nijmegen. Hugely nostalgic (one of martyn's first shows) and very wild and intimidating at a time when "Maria Dimension" was new. Consider this as a companion release to "The Maria Sessions". Available from TEKA in mid-November and on tour before then. Price : 15 euros (plus postaged/packing)

5. THE TEAR GARDEN- Have a Nice Trip (CD)

Now finished and primed for production in the near future. Songs composed and recorded in Los Angeles early in 2008. A sumptuous audio rollercoaster. Pre-orders from TEKA now being taken..20 euros plus postage.

6. EDWARD KA-SPEL- Trapped in Amber (LP)

Limited Vinyl only release from EK on the Dutch Plinkity Plonk label . Colourful and precious, a natural follow-up to "Painted River of Regrets";

2. . Under normal circumstances, we process orders within five working days, though CD-R orders may take longer. Trans-Atlantic deliveries usually take an average of three weeks for items that are in stock. However, since the postal service can take significantly longer than three weeks in some instances (and considerably shorter than three weeks in others!), we cannot be held accountable for fluctuations in your delivery time. If you are in a real hurry, your package can be sent by a service of your choosing such as UPS, FedEx, Overnight or Priority Mail. It is very important that you discuss delivery options and preferences with us at the time you place your order so that we can add the appropriate shipping fees to your total.

Keep in mind that we live in an imperfect world with an imperfect postal system. Alas, we *cannot* accept responsibility for uninsured/unregistered parcels that are lost or delayed. If you would like us to send your parcel via registered mail, we will be happy to do so, but please add 5 Euros or 6 USD to your payment.
