*"Under the moniker Fad Gadget, Frank Tovey pioneered a genre of electronic music which is now part of the mainstream." – The Independent*

*"Never before or since has an artist captured the awkwardness, the strange humour, the revulsion and prurient joy of (especially British) sexuality and human physicality quite as effectively as Tovey" – The Quietus*

*"Proto-techno "pop" perversions" – Pitchfork*

*"Enchanting synth-pop brilliance" – Dangerous Minds*
