A 4-hour work recorded at Steamroom (O'Rourke's studio) between 2017 and 2018.

Detailed and delicate electronic layers, processed instruments, and ambiguous field recordings come together in a slow-moving, fascinating kaleidoscope with multiple reflections and wrong turns, always in constant state of flux. The finely crafted art of subterfuge.

To Magnetize Money and Catch a Roving Eye: four CDs – a hypnotic, multi-faceted, labyrinthine piece which flows as slowly as a river while speeding back through memory, and shows all the talent of Jim O'Rourke.
