An end and a new beginning. *Kommuniqué Zéro* is the debut outing of new Black To Comm related entity Mouchoir Étanche. And it is the final release in Dekorder's 10-Year Anniversary Hybrid-Vinyl Series (a mere 7 years too late). Combining real and fake acoustic instrumentation, sampling, field recordings and excessive yet inaudible post production this is a powerful statement of intent. Influences are ranging from (French) Classical & Opera to the anecdotal compositions of Luc Ferrari, Chinese Opera, Sacred Music, Collage and Free Improvisation.

Marc Richter records as Black To Comm for Thrill Jockey, Type and Dekorder and as Jemh Circs for his own Cellule 75 imprint. He also produced soundtracks and acousmatic multichannel installations for institutions such as INA GRM Paris, ZKM Karlsruhe and Kunstverein Hamburg.

The Dekorder 10-Year Anniversary Hybrid-Vinyl Series so far included LPs by Pye Corner Audio, Excepter, Experimental Audio Research, Vindicatrix, Kemiälysat Ystävät, Ensemble Economique, Alien Radio, Black To Comm and Le Révélateur.
