Cabbalism III (Leuven) was originally released as a limited edition. NWW always felt that this recording was the best of the 3 "Cabbalism" shows & over the years many people have complained of its unavailability, so here it is, with the addition of an extra track - "Cabbalism IV." This was made by Colin Potter using sources from all three "Cabbalism" recordings, mixed and mastered at IC Studio, London 2020.

Steven Stapleton - Guitar & effects pedals
Colin Potter - Electronics, mix
Paul Beauchamp - Electronics, musical saw
Julia Kent - Cello
Fabrizio Modenese Palumbo - Guitar, electric viola
