Our hearts go out to the friends and family of Phil Western. Western was a member of Download (along with Cevin Key, Mark Spybey, and Dwayne Goettel), Frozen Rabbit, and recorded solo as Philth and under his own name. His family has issued the following statement:

"It is with profound sadness and heavy hearts that we, Phil's family, want to make this official announcement of his death this past week. The family are awaiting the Coroner's investigation into an official time and cause of death but we believe it was an accidental overdose. We will update when we receive further information. Phil was loved by so many of us. He was funny, intelligent, deep, creative and so many other wonderful things. We will miss him more than we could ever accurately convey. Much love to all those who are grieving with us. Phil's family xo"
